

Tricia, Jess and Alton:

I want to say **Thank You** for making our sponsor party an huge success! You knocked it out of the ballpark from the first phone call through to the end of the event last night. I have heard rave reviews about everything from the décor to the food to the friendly casino dealers. I can't thank you enough for being flexible and patient as we worked through the details and made changes/additions and requests on our end. And Tricia – thank you for remaining cool, calm, collected and keeping the party rolling last night when I was scrambling to get the last minute things done on our end.

Alton -

These ladies are a great asset to your team. You should be very proud. Thanks again for another great event by Agenda KC. I look forward to working with you all again!

Best Regards,
